Belavio

Belavio is recommended for persons looking for distinguished furniture emphasizing an unusual style of their interior. Its comfortable and soft quilted seats, special wrinkled effects, external cross-stitchings and high metal legs contribute to the very unique style. This model seems to be extraordinarily lightweight which makes the entire room seem to be more spacious. It is perfect for those who look for courageous designer solutions and hate boredom at home

What makes the Belavio sofa stand out?

The sinuous springs make the seat more flexible and provide a perfect base for high-elastic foam.

You have the opportunity to choose a fabric from dedicated collections, including fabrics that are easy to clean.

The furniture is fully upholstered, so you can put it in the middle of the living room.

The collection offers several colours of legs. You decide what colour you want. Do you like them and want to buy them for your dresser, for example? Of course you can.

The perfect fit between the seat and backrest to the anatomical shape of the human body provides exceptional comfort and ergonomics of the body.

The highly elastic foam used increases the strength and elasticity of the seat preventing deformation.
