Laurent

Laurent is Bellissa's younger brother – just like her it is made of modules, it also has soft and very comfortable seat cushions, thanks to a special combination of corrugated springs and highly flexible foam. Just by looking at it, you can imagine the comfort of resting on this piece of furniture. You can comfortably sit back and enjoy aromatic coffee and admire the views outside the window, or lie down under a warm blanket, accompanied by your favourite book or film. Laurent is slightly more versatile in style, making it easier to fit into various types of interiors. Its charm is enhanced by a decorative trim and loose decorative pillows.

VENGE

What makes the Laurent sofa stand out?

The sinuous springs make the seat more flexible and provide a perfect base for high-elastic foam.

You have the opportunity to choose a fabric from dedicated collections, including fabrics that are easy to clean.

The furniture is fully upholstered, so you can put it in the middle of the living room.

The collection offers several colours of legs. You decide what colour you want. Do you like them and want to buy them for your dresser, for example? Of course you can.

The perfect fit between the seat and backrest to the anatomical shape of the human body provides exceptional comfort and ergonomics of the body.

The highly elastic foam used increases the strength and elasticity of the seat preventing deformation.
