Dune

A unique sofa with its irregular, curved shape, allows for an interesting arrangement of different types of space, from an apartment to a hotel lobby. The soft yet springy seat is suitable for those who don't like to fall into the sofa but instead value comfort. Dune, therefore, is a deep, comfortable seat with additional cushions that make it suitable for people of different heights. We suggest that in a long-pile fabric, resembling rabbit fur, it looks especially charming.

Sofas

Available in a left-hand or right-hand configuration. The sets below are left-hand facing.

What makes the Dune stand out?

The sinuous springs make the seat more flexible and provide a perfect base for high-elastic foam.

The perfect fit between the seat and backrest to the anatomical shape of the human body provides exceptional comfort and ergonomics of the body.

You have the opportunity to choose a fabric from dedicated collections, including fabrics that are easy to clean.

The highly elastic foam used increases the strength and elasticity of the seat preventing deformation.

The furniture is fully upholstered, so you can put it in the middle of the living room.
