# Monza

Monza is a modular proposal that allows for many different configurations – from a small sofa to a very large corner unit. It will work particularly well in interiors designed in a modernist, contemporary style. The simple form invites a bit of creativity in fabric selection – an original pattern or piping in a different color will add an interesting touch. Monza offers the comfort of stable seating – it is soft yet resilient.

## What makes the Monza stand out?

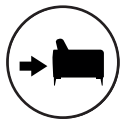

The sinuous springs make the seat more flexible and provide a perfect base for high-elastic foam.

The highly elastic foam used increases the strength and elasticity of the seat preventing deformation.

You have the opportunity to choose a fabric from dedicated collections, including fabrics that are easy to clean.

The perfect fit between the seat and backrest to the anatomical shape of the human body provides exceptional comfort and ergonomics of the body.

The furniture is fully upholstered, so you can put it in the middle of the living room.

The filling of this type is made of silicone powder, which retains the properties and softness of feathers, has anti-allergic properties. This filling ensures the highest comfort of use.
