SKEW

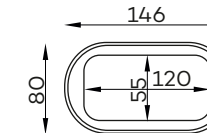

Skew is an extraordinary furniture collection created by an artist who drew inspiration from gentle, expansive landscapes. Carefully observing nature, he decided to bring this harmony and tranquility into the interiors. Each element of the collection has been meticulously designed to create a soft world, free from unnecessary obstacles. The composition of Skew is based on geometric forms, accentuated by delicate piping, adding subtle character. This remarkable combination makes these furniture pieces both functional and aesthetically appealing. One of the greatest advantages of the Skew collection is its versatility. The set consists of five elements that can be freely combined and rearranged, adapting to the changing needs of the client, the character of the room, or even the mood.

What makes the SKEW stand out?

You have the opportunity to choose a fabric from dedicated collections, including fabrics that are easy to clean.

The highly elastic foam used increases the strength and elasticity of the seat preventing deformation.

The furniture is fully upholstered, so you can put it in the middle of the living room.

The perfect fit between the seat and backrest to the anatomical shape of the human body provides exceptional comfort and ergonomics of the body.
